

# Fisher-Price® Smart Connect™ App

- Some features of this product only work with the Fisher-Price® Smart Connect™ app.
- Download the Fisher-Price® Smart Connect™ app to control the sleeper from your smart device (not included). The app is available on the App Store® and Google Play™.
- The Smart Connect™ app is compatible with most iOS and Android™ devices. Please refer to the chart for a list of compatible devices. Device not included.

## Pairing Your Device with Soother

Before using the Fisher-Price® Smart Connect™ App for the first time, pair your device (not included) with the soother.

- Open the Fisher-Price® Smart Connect™ App on your device. Be sure your device is within approximately 1,8 meters of the soother to pair.
  - Press and hold the pairing button (the power button)  on the soother for 5 seconds to pair it with your device. Once paired, you'll see a green button light on your device.
- Hint:** If you cannot pair your device with the soother, try moving the device closer to the product.

# The soother of your dreams ....

More features are available using the **Fisher-Price® Smart Connect™ App**

- Program Sleep Stages for baby's bedtime routine;
- Choose light colors, brightness and sequences;
- Make music style selections;
- Use your device to control volume;
- Use your device to turn soother power ON or OFF.

 Touch the **power button** to turn ON. Touch again to turn power OFF. When you turn power back on, the soother recognizes the most recent music/sounds/light selections.

 Touch the **sleep sounds button** to turn on soothing sounds. Touch again to change the sound. Each touch advances to a different sound: Pink Noise, Brown Noise, Womb Sounds, Ocean Waves, Nature or Wind. Press and hold this button to turn off sounds.

 Touch the **music button** to turn on gentle music. Touch again to change to a different music selection. Each touch advances to a different music selection. Press and hold this button to turn off music.

 Touch the **volume button** to increase volume. Touch again and again to increase volume level and then turn volume off. Your next touch sets volume at it's lowest level again. Press and hold this button to turn volume off.

 Touch the **animal projection button** to turn on enchanting projection. Touch again to turn projection off.

 Touch the **star projection button** to turn on multi-colored projection. Touch again to turn projection off.

 Touch the **nightlight button** to turn on a soft, amber nightlight. Touch again to turn the nightlight off.

# Night Light

The screenshot shows the 'Deluxe Soother' app interface. At the top, there are navigation arrows for '< Home' and 'Soother 2 >'. Below this is the title 'Deluxe Soother'. A status indicator shows 'You're connected!' with a grey circle. There are two play buttons and a 3D rendering of the soother. Below these are menu items: 'Animal Projection', 'Star Projection', 'Night Light', 'Music', 'Sound Effects', 'Timers', and 'Reset all Settings'. The 'Night Light' section is expanded, showing a toggle switch and a brightness slider.

Touch to turn on night light.

Slide to increase or decrease projection brightness.

# Music

The screenshot shows the Music app interface for a 'Deluxe Soother'. At the top, there are navigation options '< Home' and 'Soother 2 >'. Below this is the device name 'Deluxe Soother'. A status indicator shows 'You're connected!' with a grey dot. There are two play buttons on the left and an image of the soother on the right. Below this are three feature buttons: 'Animal Projection', 'Star Projection', and 'Night Light'. The 'Music' section is highlighted, showing 'Six Lil Ducks' as the current playlist. It features a 'Settle Music' section with a gear icon and a row of five numbered buttons (1-5). Below that is a 'Soothing Music' section with a wave icon and a row of five numbered buttons (1-5). A volume slider is located below the Soothing Music buttons. At the bottom are 'Sound Effects', 'Timers', and 'Reset all Settings' buttons. Annotations with arrows point to various elements: 'Touch to turn on Settle music.' points to the gear icon; 'Touch and hold to remove a song from the playlist.' points to the first button in the Settle Music row; 'Touch a number to immediately start that song.' points to the second button in the Settle Music row; 'Touch and hold to remove that song from a playlist.' points to the first button in the Soothing Music row; 'Touch a number to immediately start that song.' points to the second button in the Soothing Music row; 'Slide to increase or decrease volume.' points to the volume slider.
